

BE THE FIRST TO GRAB 40% GRANT FUNDING FOR BUSINESS GROWTH NOW!

You've developed your business, things are going well. You have customers, sales are coming in. Now you need to scale up to create more opportunities, innovate, diversify or customise. You need to increase your customer base, explore new markets, improve operational efficiencies and be investment ready. Big decisions!

How to choose the **right next step**? Taking it alone is challenging. It can be daunting. Engage a powerful partner. Choose a **SCT Business Coach** who can work with you to make that decision effectively, create appropriate strategies and implement the most effective tactics.

You have invested a lot in your business. It makes good sense to continue investing going forward. White hot, practical business support will supercharge your competitive advantage.

Great news: grants of **up to 40%** for **business coaching** available now for the West of England's business leaders who are focused on growing their organisations through the creation of new jobs and/or new products/services within the next 12 months.

If you are serious about making your next step a successful one, then you know that practical external support is crucial to help you get the results you want to future proof your business success.

How it works:

- If your business is an SME based and registered in the West of England Local Enterprise Partnership (LEP) area (Bristol City Council (BCC) / Bath & North East Somerset (BaNES) / North Somerset Council/ South Gloucestershire Council you can apply for a grant to cover 40% of the cost of coaching support to help grow your business.
- Grants are available to SMEs who are looking to grow or plan to create new jobs and/or create new products/services within the next 12 months.
- Coaching grants are 40% matched funded, with a minimum scale-up grant payment of £1,000 against an investment of £2,500 (excluding VAT) and a maximum grant payment of £2,500 against an investment of £6,250. The maximum time frame for funding is one year unless stated differently in the offer letter. All grants are outside the scope of VAT so only the net amount is relevant.
